The best headline result from nine holes drilled was 7 metres grading 2.44 grams per tonne gold and 461gpt silver from 35m.

Results from another 15 holes are awaited.

Rimfire's Sorpresa deposit contains 6.4 million tonnes for 7.9 million ounces of silver and 125,000oz of gold.

Potential upside is seen in and around and below the deposit, with the company particularly to outline high grade lens.

Rimfire shares were up 12% to A1.9c in afternoon trade, capitalising the company at \$15 million. Rimfire had \$1.26 million at the start of the current quarter.
